

CUTTING , DRILLING & EDGE WORK

JUMBO CUTTING

Our state-of-the-art jumbo cutting tables utilize digital patterns for clean and precise cuts that are among the best in the industry. The patterns for cutting can be created right here at Glass & Mirror Craft, or imported directly from the architect or designer. We accommodate any cut size and have small manual cutters should your application require greater intricacy.

TABLE TOPS

All edges can be added to our standard table shapes including:

- Square 
- Round 
- Elliptical 
- Boat top 
- Race track 
- Rectangle 

WATER CUTTING

Smaller manual presses use water injectors to achieve ultra smooth cut lines and edging. These are ideal for custom jobs that require special care, including: artistic edging, sculpture pieces, small custom pieces.

Some edging including chipped and carved are still done completely by hand.

EDGE DESIGNS

Bring any table or counter top to life, Choose from 15 different edges varying in thickness & glass style.
